Dear Sir

I wrote to the Comptroller some few months ago to ask him if the Mysore Govt intended the "concessions given to Local Officers" as regards remittances to England at 1-4 3/4 ~~was~~ to apply also to Imperial Officers sent to the Mysore State. He replied that "further orders of Govt were required" before could make such concessions applicable to us, as the Circular distinctly stat

local officials may have granted these concessions.

I enclose my letter to them & his reply which explain fully how my case stands.

An early answer will oblige, as I wish to send 100 £ home today for my sisters passage out to India, if the Dewan does not extend favour Imperial Officers with the Concession, which the Govt of India have decides to their officers until further notice, I must send the money at the current rate

Yrs Sincerely
M.D.V. Stubbs

My dear Sir

I Request that you will be kind enough to let me know what the Concession exactly is which you refer to in the words "what I request in your letter of 6 days late."

With this info I shall be enabled to take the Dewans instructions upon the subject upon

Yrs. The question happened

Dear Sir

Your D. O of 15th instant asking me the meaning of the words used by me in a D. O sign the other day. I simply meant that the Secretary of State is said to have sanctioned the concession of an exchange of 1 8/4 3/4 for Rupee after the 31st March until further notice to all Civil & Military Officers, Attorney & the Official rate of exchange [illegible]

Next Official Year has it is believed been fixed @ 1-2 5/32 d.

Of course if the question of Imperial Officers getting Leave in Europe getting a more favourable rate of exchange has to be referred to the Govt of India it is probable that no concession will ever be granted, and I am quite willing that the subject be dropped for the present, or until something more definite has been conceded by India to us Civilians

until Mr S. King's motion in Parliament has been made & replied to. You need not therefore bother the Durban about the question at all at present.

Yours Sincerely

W. W. Hunter

BANGALORE,
*1st April 1893.*

DEAR SIR,

I am directed to inform you as follows :—

The Government have received suggestions for the extension to British Officers lent to the State of the orders contained in Proceedings No. 8307—G. 2023, dated 10th December 1892, relating to the family remittances made by Officers of the Mysore Local Service, and it is therefore necessary to explain that in the first place, the Darbar cannot grant to British Officers any concession such as that involved, without the previous consent of the Government of India. It may at the same time be pointed out that the orders issued by the Darbar had special reference to two facts, namely :—

1*st*—that the salaries of local Officers are considerably lower than those attached to similar appointments in British India; and

2*ndly*—that it was understood that the question of allowing British Officers more liberal concessions than those in force, was under the consideration of the Secretary of State.

It was with special reference to the latter fact that the order in question was issued as "a temporary measure." Under such circumstances, it is desirable now to notify that any final system adopted in Mysore will not really be more liberal than what may eventually be sanctioned for British Officers by the Secretary of State, for, in this matter, as in that of pension payments in England, the Darbar wish, as far as possible, to follow the British system. Under such circumstances, it will presently be made known that the "arrangement now in "force under the orders of 10th December last, is liable to revision by the Dar- "bar either upon the settlement of the question as regards British Officers, or "at any rate by the end of December 1893, by prescribing a further limit by "way of an annual maximum amount, or in any other manner which may com- "mend itself to the Darbar."

I am,
Yours very truly,

Signed T. Ananda Row

To E. R. Subbarayen Esq
Comptroller to the Govt of Mysore

My dear Sir

This is a copy of a D.O. Circular letter which I have addressed to the 22 Officers whose names are given overleaf

Yours sincerely

1. The allowance admissible under these rules is called exchange compensation allowance. It is granted to European and Eurasian officers of Government not domiciled in India to compensate them for the extra cost of remittance to Europe occasioned by the fall in the value of the rupee below 1*s.* 6*d.* which is herein called the privileged rate.

2. The allowance is granted with a view to enabling every European or Eurasian officer of Government not domiciled in India to remit to Europe half his salary at the privileged rate, subject to a maximum limit of £1,000 a year.

3. In case of doubt the local Government will decide whether any officer is domiciled in India, or not so domiciled, for the purposes of these rules; but any European or Eurasian officer to whom the rules in chapter 13 of the Civil Service Regulations apply may be assumed without further proof to be entitled to the allowance admissible under these rules.

4. The allowance is not admissible to any officer whose pay is fixed in sterling and is converted into rupees at the rate of exchange fixed annually for the adjustment of transactions between England and India.

5. The allowance is granted irrespective of whether any remittance is actually made or not.

6. Officers will be enabled to remit half their salary at the privileged rate if they receive percentage on half their salary equal to the proportion by which the privileged rate exceeds the market rate of remittance or half that percentage on their full salary. The allowance is accordingly given in form of percentage on the full salary drawn, limited to the amount which would be admissible on a remitance of £1,000.

7. The percentage will be calculated for each quarter with reference to the difference between the privileged rate and the rate fixed as the approximate market rate applicable to the quarter (see rule 8). Thus, if the market rate of exchange applicable to any quarter is 1*s.* 4*d.*, the difference between this and the privileged rate is equivalent to a percentage of $12\frac{1}{2}$ on that market rate and the difference between the cost of remitting £1,000 at 1*s.* 6*d.* (Rs. $13,333\frac{1}{3}$) and at 1*s.* 4*d.* (Rs. 15,000) is Rs. $1,666\frac{2}{3}$. The allowance payable during the quarter would therefore be granted at $6\frac{1}{4}$ per cent. on the full salary limited to a maximum of Rs. 1,666-10-8. The market rate applicable to any quarter will be approximately the average of the Calcutta demand rate during the preceding quarter, and will be calculated and notified by the Comptroller-General before the beginning of the quarter.

9. The market rate fixed for any quarter will be applicable to all payments of salary falling due during that quarter. Thus, the rate fixed for the quarter July to September will apply to salary payable between 1st of July and 30th September, *i. e.*, ordinarily to the salary for the months of June, July, and August.

10. For the purpose of illustration a table is appended showing the percentage admissible on the full salary and the maximum allowance admissible at the rates which have been fixed at market rates for the quarter April to June 1893 and July to September 1893, and at some other rates above and below 1*s.* 4*d.*

11. In the case of officers whose emoluments are regulated by the Civil Service Regulations the allowance is admissible only on "salary" as defined by article 459 of the Civil Service Regulations. In the case of officers whose emoluments are regulated by the Army Regulations of India it is admissible only on the pay of Indian allowance and Staff pay.

12. The allowance may be drawn regularly with pay in the manner and under the rules under which the pay is drawn, and will be charged to the same head as pay, but under a separate detailed head.

## EXCHANGE COMPENSATION ALLOWANCE.

We published the Resolution of the Government of India in regard to the above. The following table of percentage on salary admissible as Exchange Compensation Allowance will no doubt be found useful :—

With regard to British officers & Govt of Mysore Govt. there is no help.

As regards local officers I would suggest, in case Govt. wish to make further concession on the same scale as British Govt have sanctioned for their officers, that instead of an exchange Compensation allowance payable monthly, these officers may be permitted to make their family remittances as heretofore but at the enhanced

At present there are only
four such local Offices
out of a total number
of 25 that have been
availing themselves
of the original Concession.
I have no reason to
think that a large number
will now avail themselves of
the increased concession -
Supposing the number stands
at the same figure as at present
the loss to Govt will not be
much more than £326-12-10
as against a loss of £1337-12-8
which Govt will have to

be sanctioned by all local

Ent Comptroller's Off

5-9-93.

I gather from the file of papers which have been placed before me that Sir K. Seshadri Iyer made a distinction between the claim of British Officers whose services have been lent to Mysore and the claim of other European Officers. The privilege of making family remittances to England at a favourable rate of exchange was expressly granted to local European Officers only; and when British Officers applied that the privilege might be extended to them, they were informed that they could enjoy no other privilege than what was enjoyed by their

their brethren in Service in British India and that their claim would be decided in accordance with the decision which the Secretary of State might pass upon the claims urged by British Officers serving in India. What Sir Seshadri Iyar expected has now come to pass; and we are bound to give effect to the decision of the Secretary of State so far only as British Officers are concerned. The other Officers were put on quite a different footing and they enjoyed for a long time certain privileges which were denied to British Officers; and I fail to perceive how it can be said that the question, so far as they are concerned, requires reconsideration.

whatever name we may give to the allowance, it makes a substantial addition to the pay of every European officer; and when once the increase is sanctioned, it may not be practicable to reduce it for a long time, as there seems no immediate prospect of a more favourable rate of exchange.

I would leave the matter to lie over till ~~the~~ absolute necessity for revision arises. If it is considered necessary to dispose of the question once for all, I do not see any reason to make a present of a few more rupees to every Officer whether he is or is not compelled to make remittances to England.

I would limit the privelege to those Officers who are compelled to make remittances for the support of their family in England.

A Ramachandra Iyer

RESOLUTION—By the Government of India, Finance and Commerce Department.

During the past year and a half numerous representations have reached the Government of India from European officers in Government service, bringing to notice the hardship which they have undergone in consequence of the fall in the rate of exchange, and praying for the adoption of measures of relief. The facts which came to the knowledge of the Government of India left no doubt that the distress from which their servants were suffering was widespread and severe; and His Excellency the Governor General in Council has lost no opportunity of expressing his sympathy with those who have been affected, and of urging upon the Secretary of State the necessity of applying an early and adequate remedy. It was not, however, found possible to deal with the matter while measures regarding the reform of the currency were still under consideration. His Excellency the Governor General in Council is now able to announce that the Secretary of State has been pleased to accord his sanction to the following scheme:

To every European and Eurasian Officer of Government, Civil or Military, not domiciled in India (except those whose pay is fixed in sterling and converted into rupees annually at the official adjusting rate) will be granted an allowance, to be designated Exchange Compensation Allowance, sufficient to enable each officer to remit to Europe one-half his salary, subject to a maximum limit of £1,000 a year, at a privileged rate. The privileged rate has been fixed until further orders at 1*s.* 6*d.* the rupee. The allowance, which will be admissible whether any remittance is actually made to Europe or not, will be given in the form of a percentage on the officer's salary, varying with the rate of exchange assumed as the market rate for the quarter, and calculated to yield an amount equal to the difference between one-half salary converted at 1*s.* 6*d.*, and one-half salary converted at the average market rate. The allowance will be payable month by month along with pay, and under the rules under which pay is drawn; and will be subject in every case to an annual maximum equal to the difference between £1,000 converted at 1*s.* 6*d.*, and the same sum converted at the average market rate.

2. Rules have been framed prescribing the manner in which the percentage for each quarter shall be calculated, and defining the conditions under which the allowance may be drawn, and these are published herewith for general information. The Secretary of State has been pleased to authorize effect being given to the rules from the beginning of the current official year 1893-94, and the allowance will accordingly be granted in respect of all payments of salary which became payable on or after the 1st April 1893. For the first quarter of the present official year, April to June, the percentage has been fixed at 10·81, corresponding

The following extract from the *London Gazette,* dated the 11th July, 1893, is republished for general information:

INDIA OFFICE, *July 3, 1893.*

The Queen has been graciously pleased to nominate and appoint Deputy Surgeon-General Samuel Bowen Partridge, Retired Medical Department, Bengal, to be a Companion of the Most Eminent Order of the Indian Empire.

to an exchange of 1*s.* $2\frac{4}{5}$*d.* to the rupee, this being the actual average rate during that quarter. For the second quarter, July to September 1893, the percentage has been fixed at 7·6, corresponding to an exchange of 1*s.* $3\frac{5}{8}$*d.*, that being the actual average market rate from 1st July to the date of the Secretary of State's sanction to the scheme now announced. For future quarters the percentage will be fixed in the manner prescribed in the rules.

3. From the date when these rules come into force, the present system under which family remittances are made through the Government account by military officers and some others will cease, except in cases where this course is inconsistent with the terms of any contract of service. In the case of officers who have made family remittances since the 1st April last, an adjustment will be made when paying them their arrears of Exchange Compensation Allowance. Officers who have made family remittances since 1st April last should refer to their Account Officer before presenting for payment their bills for the arrears from 1st April of the Exchange Compensation Allowances now sanctioned.

4. The Secretary of State has further been pleased to sanction the payment of furlough allowances from the Home Treasury at the same privileged rate of 1*s.* 6*d.* to the rupee. This concession also will take effect from the 1st April last in lieu of the special rate of 1*s.* $4\frac{3}{4}$*d.* provisionally sanctioned in the Notification in this Department, No. 823-A., dated the 27th February 1893, published in the *Gazette of India* of the 4th March 1893.

EXCHANGE COMPENSATION ALLOWANCE.

1. The allowance admissible under these rules is called Exchange Compensation Allowance. It is granted to European and Eurasian officers of Government not domiciled in India to compensate them for the extra cost of remittance to Europe occasioned by the fall of the value of the rupee below 1*s.* 6*d.*, which is herein called the "privileged rate."

2. The allowance is granted with the view of enabling every European or Eurasian officer of Government not domiciled in India to remit to Europe half his salary at the privileged rate, subject to a maximum limit of £1,000 a year.

3. In case of doubt the Local Government will decide whether any officer is domiciled in India or not so domiciled for the purposes of these rules. But any European or Eurasian officer to whom the rules in Chapter XIII of the Civil Service Regulations apply may be assumed without further proof to be entitled to the allowance admissible under these rules.

4. The allowance is not admissible to any officer whose pay is fixed in sterling and is converted into rupees at the rate of exchange fixed annually for the adjustment of transactions between England and India.

5. The allowance is granted irrespective of whether any remittance is actually made or not.

6. Officers will be enabled to remit half salary at the privileged rate if they receive a percentage on half salary equal to the proportion by which the privileged rate exceeds the market rate of remittance, or half that percentage on the full salary. The allowance is accordingly given in the form of a percentage on the full salary drawn limited to the amount which would be admissible on a remittance of £1,000.

7. The percentage will be calculated for each quarter with reference to the difference between the privileged rate and the rate fixed as the approximate market rate applicable to the quarter—see rule 8. Thus, if the market rate of exchange applicable to any quarter is 1*s.* 4*d.*, the difference between this and the privileged rate is equivalent to a percentage of $12\frac{1}{2}$ on that market rate, and the difference between the cost of remitting £1,000 @ 1*s.* 6*d.* (Rs. 13,333$\frac{1}{3}$) and at 1*s.* 4*d.* (Rs. 15,000) is Rs. 1,666$\frac{2}{3}$. The

allowance payable during the quarter would therefore be granted at 6¼ per cent. on the full salary limited to the maximum of Rs. 1,666-10-8.

8. The market rate applicable to any quarter will be approximately the average of the Calcutta demand rate during the preceding quarter, and will be calculated and notified by the Comptroller General before the beginning of the quarter.

9. The market rate fixed for any quarter will be applicable to all payments of salary falling due during that quarter. Thus, the rate fixed for the quarter July to September will apply to salary payable between the 1st July and 30th September,—*i.e.*, ordinarily to the salary for the months of June, July, and August.

10. For the purpose of illustration, a table is appended showing the percentage admissible on full salary and the maximum allowance admissible at the rates which have been fixed as the market rates for the quarters April to June 1893 and July to September 1893, and at some other rates above and below 1*s.* 4*d.*

11. In the case of officers whose emoluments are regulated by the Civil Service Regulations, the allowance is admissible only on "Salary" as defined in Article 47, Civil Service Regulations. In the case of officers whose emoluments are regulated by the Army Regulations, India, it is admissible only on Pay, Indian Allowances, and Staff Pay.

12. The allowance may be drawn regularly with pay in the manner and under the rules under which pay is drawn; and will be charged to the same head as pay, but under a separate detailed head.

Sir

I Govt Proceedings No. 14,399-425 Cir 214 dated 15th March 1892 sanctioned the Rule "that Officers serving in Mysore "will be allowed to remit a "reasonable part of their "Salaries to England by means "of the Comptroller's requisitions "on Messrs Coutts & Co at "current rates of exchange". This concession was evidently intended to apply to all European Officers named at the foot of that Circular myself among others.

2. Govt Proceedings No. 8307 9. 2023-92 dated 10th December sanctioning family remittances being made to England by Officers belonging to the Mysore

necessity is intended to apply & one I would be much obliged if you will allow me to remit 100£ to England during this month, this sum will represent about 1433 Rs or one half of my Salary for 3 months; it is evidently almost certain that there will be a further fall in exchange shortly, & I would point out that it would save the Mysore Govt a considerable sum if I was allowed to remit the 100£ now, instead of drawing ½ of this sum monthly in the next 3 months.

I am Sir

local Services at 1- 4¾ per Rupee, such remittances not to exceed a moiety of their Salaries.

3 It would appear ~~to me~~ that the latter Circular was intended to apply to ~~Sr~~ all Officers serving in Mysore also. who ~~are just as~~ suffer just as much on account of the prevailing ~~to~~ high rates of Exchange charged for remittances to England as the purely Local Officers.

4. It may be pointed out that Officers ~~European Military Officers, other than those of the Military Services~~ whose services ~~are~~ have been lent to Mysore are not allowed to remit ~~Money~~ a moiety of their Salaries money to England at the Govt of India rate of ~~+~~ Exchange for the Year (unless they are of the Military Services, so that Officers of the P.W.D suffer on account of the exchange just as much as the Mysore Local Officers: ~~This~~ respect, I am sure it was never intended that ~~on~~ these Officers should be excluded from benefiting by the concession sanctioned: the Govt Prs: of 10th December last.

Calcutta, the 6th February 1894.

Read:-

Resolution in this Department, No 3624-A., dated 18th August 1893, regarding the grant of exchange compensation allowance to European and Eurasian officers of Government not domiciled in India.

Resolution.-

The Resolution of the 18th August 1893 applies only to officers whose salary is chargeable to General Revenues. Exchange compensation allowance is therefore not admissible under that Resolution to Government officers in foreign

foreign services.

2. As regards Government officers on foreign service, the Government of India, so far as they are concerned, agree to the grant of exchange compensation allowance under the restrictions and rules of the Resolution last quoted. But as the allowances will not be payable by the Government of India but by the Foreign employer, the claim in each case must, subject to any conditions imposed by statute, or by trust provisions, be decided, in the case of foreign services of the first kind, by the orders of the employer to whom the officer's services have been lent

last, and in the case of services of the second and third kinds, with the consent of the Paribowing authority of the funds to which the allowance will be chargeable.

3 This para is Consolidated Mr Nesbitt 26/6/94

In cases in which exchange compensation allowance is granted to an officer in foreign service of the first kind, as defined in Article 802 of the Civil Service Regulations, the allowance should be calculated on "assumed pay" as defined in Article 808 of those Regulations. In other cases, it should be calculated on the actual sanctioned salary of the officer.

Order. — Ordered, that this Resolution

be communicated to the several Departments of the Government of India, to all Local Governments and Administrations, to all Heads of Departments subordinate to the Finance Department; to the Comptroller and Auditor General; and to all Accountants General and Comptrollers.

Ordered also, that the Resolution be published in the Gazette of India.

Sir,

As directed in para 3 of Government Proceedings No. 17449 of 16th April 1894, G.T.453-92 I beg to submit a Memo of the calculation and amount payable to each of the last British Officers on account of Exchange Compensation allowances under the terms of the Govt. of India Resolution of the 18th August 1893 for 1893-94.

It will be observed that the compensation allowance for Brigade Surgeon Lieut: Col: J. J. McGann, and Surgeon Major P. H. Benson, has been calculated on their sanctioned salary and not on their apnuned pay, as the contribution for their pension and leave allowances is paid on the old scale and not under Article 808 of the

see art 810

the Civil Service Regulations. 59/

I have therefore called upon these Officers to send in their bills for allowances calculated upon their actual sanctioned Salary.

If however the Government consider that these Officers also should get their allowances calculated on their assumed pay, the red ink figures in the statement show the amounts to be paid in each case.

## CIRCULAR MEMO.

The attention of the Comptroller and of the European Officers of the British Government, whose services are lent to the Darbar, is called to the Government of India Resolution No. 3183 *Ex.*, dated 26th June 1894 (Gazette of India, June 30, 1894, page 396). This Resolution cancels the ruling in Government of India Resolution of the 6th February 1894 for calculating exchange compensation on assumed pay, and orders will hereafter issue regarding the corresponding alteration of the orders of the Mysore Government, No. 17449—G. No. 23

Deputy Conservator's office
Kadur District.
Shikmagalur, 5th
December 1895.

From

Chas. E. M. Russell of the Inner Temple
Esquire, Barrister-at-law,
M. R. A. C., Deputy Conservator of
~~Forests~~ Kadur District.

To

The General Secretary to the
Government of Mysore
through the Deputy Commissioner
Kadur District
and the Inspector General
of ~~Forests~~ and Plantations
in Mysore. Bangalore.

Sir,

I have the honour to request that you will be good enough to lay before the Government the following representations and request.

2. The European officials

he-

belonging to the Service of the Government of India & serving in Mysore have been granted Compensation allowance with arrears from the date of grant of the same to its own officers by the Government of India but this act of simple justice has not been extended to Europeans serving under the Government of Mysore but not belonging to the Service of the Government of India.

3. I understand that the reason for this very invidious disadvantage in the case of

the

the latter is the difficulty in there
case
~~Case~~ of proving domicile in some
instances
~~instances~~ on account of the presence
in the Mysore Service of some officers
of mixed blood whose domicile
is doubtful.

4. I beg that the Government will kindly consider my case with reference to Compensation allowance and grant me the same with arrears from date of the grant to officers belonging to the Service of the Government of India but serving in Mysore, since I am able to prove my European parentage and European domicile without any possibility of error or misconception.

5. My father A. C. Russell Esquire J. P., late B. C. S., a son of one of the most distinguished Civilians who have ever served in India — the late George Russell of the Madras Civil Service — retired some twenty-five years ago and has resided in England ever since. He is of pure European descent, as was my mother (now deceased) who was a daughter of the late Honorable R. Forbes of the Bengal Civil Service, and a grand-daughter of a late Lord Forbes of Castle Forbes, Aberdeenshire, - the premier Baron of Scotland.

6. My name appears on chambers at the Inner Temple,

and

and therefore in the English law-
lists as a Barrister in practice
in England, and whenever I
may visit, or retire to the
latter, I am (as a presumably
practising barrister in England)
exempt from service on juries.

7. I understand that
the Travancore Government has
granted Compensation allowance
to its European Servants.

8. It is but equitable
that, in the case of an officer
whose parentage is so in-
-dubitably purely European
and whose domicile is so
palpably fixed in England,
as in my own instance, the

grant

grant of Compensation allowance made to other European officers serving under the Mysore Government should be made to me also.

9. As a matter of fact the pay drawn by me now is much less in value than that drawn by me nine years ago (less a few days) for whereas I then drew 500/- plus 50/- house allowance, I am now drawing only ~~Rs~~ 600/- all told, my house allowance of ~~Rs~~ 50/- having been summarily abolished, and I need not remind you of the difference bet-

between the value of the rupee nine years ago, & its value today.

10. Since I have proved that my parentage & domicile are unquestionably purely European, I beg that the Government will kindly remove from me, with retrospective effect the invidious disability to the Compensation allowance granted by the Government of India as a matter of simple equity to its servants, and granted also by the Mysore Government to such of its servants as belong to the Government of India.

I have the honour to be

Sir

Your most obedient servant.

Thos. Rc Russell.

Deputy Conservator of Forests

Kadur District
